HEAVY DUTY BLUE AND WHITE SHOP CLOTHS

Chix® Worxwell® cloths are engineered specifically as a shop cloth for use in heavy duty applications.

Heavy duty

Strong enough for all applications, heavier than other disposables, strong like rental towels.

Durable – Tear Resistant

Won't break down when used with solvents (like paper wipers or lower quality nonwovens) and it can be used over and over. High strength wet or dry.

Highly Absorbent

Great for cleaning rollers, ink trays, blankets or general clean up.

Disposable

Don't have to worry about contamination from metal shops, machine shops, industrial solvents like rental towels.

Apertures

Helps clean, pick up particles and rinse easily for reuse .

Low lint

Lower lint than other disposables.

Machine washable

Can be machine washed up to 8 times before it needs to be replaced – printers will save money.

Cloth size

13.5" x 15" size is larger than most disposables and larger than most rental towels. One size only helps both dealers and printers reduce the amount of inventory to carry.

Case Size/ Price

300 flat sheets per case in easy opening dispenser box. Lower price point than other disposables. Lower cost than rental towels.

Color

Comes in Blue/Green (8487BL) and White (8483BL) in color to help dealers and customers transition the product.
